FACTS ON PUBLIC SCHOOL SITUATION

REASONS WHY ADDITIONAL ROOM IS NEEDED AT HIGH SCHOOL

INCREASE IS 60 YEARLY

Expected Attendance next Year 400—Subject Now Taught Include Many not Formerly Given.

Quite a few citizens of Maryville have asked at different times for information about the progress of the Maryville high school in recent years, in order that they might more intelligently decide whether we really need the additional room and money asked for by the board of education. It might be well, therefore, to call attention to some of the improvements made in our school in recent years.

First: The subjects now taught our students are more varied and practical than they used to be. All first class high schools have for a long time offered courses in Mathematics, English, History and Latin. Some sciences also, were usually taught. These were the only subjects taught to our high school students until recent years. Manual training, or carpentry, was then introduced for boys and domestic science, or cooking and sewing were introduced for girls. These departments were added because they were practical and useful. They actually prepared boys and girl for real life. Two years ago the new department of commercial subjects was organized. This department offers courses in typewriting, shorthand, bookkeeping, commerical geography and commercial law. It is intended to prepare students for office positions as stenographers and book keepers. A large class is completing the two years course this spring. Several of them have been employed during emergencies by our business men, and without exception their work has been highly praised. Last vocational domestic scence, under the provisions of the Federal Smith-Hughes act, was added to our variety of courses. This department not only teaches cooking and sewing, but in addition, household chemistry, pattern making and garment designing, planning and serving meals, care of the sick and all household duties which would make our girls good wives and mothers. Nothing could be more worth while and practical for high school girls than these courses.

Second: There has been a gradual increase in the atendance in the high school as shown by records for past years.

1912-13—207; C. A. Hakins, Supt.

1913-14—191; W. M. Westbrook, Supt.

1914-15—218; W. M. Westbrook, Supt.

1915-16—227; W. M. Westbrook, Supt.

1916-17—208; J. M. McDonald, Supt

1917-18—221; J. M. McDonald, Supt

1918-19—276; J. M. McDonald, Supt

1919-20—332; J. M. McDonald, Supt

These figures show that from 1913 to 1917 the atendance was practically unchanged, while from 1917 to 1920 we have had an increase of 123 students. Since the increase has been nearly 60 each year for the past two years, we can reasonably expect 400 high school students next year.

Third: Only two teachers have been added to the high school faculty in the past three years to take care of the increase of 124 students shown above. We now have 12 high school teachers, teaching 332 students; an average of 28 pupils per teacher. In 1913, ten teachers taught 205 pupils; an average of 20 each. As a result of this crowding, there are now several classes in the high school with over 40 pupils enrolled. A first class high school is required to have not more than 35 in any one class, but we are unable to meet this requirement on account of lack of room and extra teachers.

Fourth: The requirements which teachers must meet before being employed in our high school has been raisd. At the present time a high school teacher must be a graduate of a four year college. A grade school teacher must have had at least two years of training above high school.

Fifth: One of the best measures of the progress of schools is the number of graduates turned out each year. The high school graduate is the finished product of 12 years of study. Our records show the following number of graduates:

1913	27
1913	37
1914	41
1915	37
1916	42
1917	47
1918	47
1919	52

Sixth: The rates of tuition charges nonresident students has been increased. Four years ago a monthly charge of $3 was made to all high school students and a charge of $2 was made to grade pupils. The rates are now $5 to high school students and $3 to grade pupils. The board intends to raise these rates before next fall, on account of the increased cost in maintaing the schools.

Maryville has in the past been able to keep her schools among the best, due to the splendid cooperation between pupils, parents, teachers and the board of education. Every good citizen realizes that the public school of this nation are more vital and important than any other single force in it. Every good citizen wants to do all that is reasonable to see to it that the schools of Maryville are permitted to keep their present high place among other schools of the state. In tomorrows paper, read the discussion of how we can maintain our past record of progress.

REAL BASE BALL FOR THIS SUMMER

INTEREST IN THE GAME BEING RENEWED BY MERCHANTS

WILL CHANGE CLUB NAME

Manager of Comets Received Many Invitations to Sign up Maryville club for Season.

Real baseball is likely to become a reality in Maryville this season. A number of business firms in the city are talking over the proposition with Homer Black, the manager of the "Comets" and if a good strong team can be arranged there will be plenty of backing if the first indications can be relied upon.

Black has received numerous invitations from outside clubs to arrange games with the Maryville club. Letters have been received this week from the manager of the Shenandoah, Tarkio, Creston, St. Joseph and Albany teams asking for dates with the Maryville club.

The Comets last year won 17 out of 22 games establishing an excellent record. A number of players are to be tried out Sunday ready to play a practice game with the St. Joe team on April 12, if it can be arranged.

Black already has a line up on a number of players who can be signed up for the season. These are Tom Patton of Gentry, Lewis and Robbins of Maitland and Harry Tilson and Kidder Hagey of Burlington Junction. Every effort will be made to fill the nine from home material if there are sufficient men. There are plenty of aspirants but a man will have to guarantee that he can "hit the ball" to be able to stick in the team.

If the merchants get behind the club with a guarantee this year the name will be changed to "Maryville Merchants" to help advertise the old home town during the season's games.

ABANDONED MISSOURI COUNTRY CHURCHES

Atchison County has 28 Per cent of Rural Churches Idle—United States Taking Survey

The country churches of Atchison county, Mo., are being held up by workers in the inter church world movement is a starting example of the decline in rural affairs. In a survey being made of the 2,968 counties in the United States, it has been found that in Atchison county 28 per cent of the churches are lying abandoned, altho the remaining 38 have a 528 square miles and a population of 14,621. 15 churches have been abandoney, altho the remaining 38 have a resident membership of 3, 682 or barely 25 per cent of the county poulation While these churches have gained 1,332 members in the last 10 years, the number is not in proportion to the increase in population and consequently shows a falling off in the percentage of population who are members of the church. Only 8 Atchison county churches hold picnics, and the Sunday school classes of only seven churches hold socials. One church has a stereoptican, 1 a motion picture machine, 1 an orchestra and 1 a gospel team. This sums up practically all effort made on behalf of the young people. Only 21 per cent of the members are under 21 years of age. The Sunday school, while having a membership of 3,719, have an atendance of only 22,260 children. It is to remedy such conditions that the inter church world movement is working. Donald Miller of New York says the decline in rural churches is due to an attempt to give 20th century people a religion in a 19th century style. A survey of 2-3 of the counties of the United States will be completed by June—Missouri Journal.

NEW MO. MEMBER GIVEN OVATION

REPRESENTATIVE MILLIGAN, DEMOCRAT, TAKES OATH OF OFFICE

LAMBERT IS SECRETARY

Princeton, Mo., World War Veteran of 35th Division Appointed Private Secretary

Washington, D. C.—A big demonstration in which several on the majority side of the house took part, marked the appearance of Captain Jacob L. Milligan, Democrat, the new member of the House of Representatives from the Third Missouri district, who took the oath of office on Saturday.

Captain Milligan wa selected to the unexpired term of Joshua W. Alexander appointed in December to be Secretary of Commerce. The election was held February 14, but Captain Milligan's arrival in Washington was delayed by an attack of influenza, to which he fell a victim a few days after the election. The illness was contracted by exposure while campaigning.

The new Missouri Congressman was presented to the House by former Speaker Champ Clark, minority floor leader and dean of the Missouri delegation. Captain Milligan's appearance at the bar of the House recalls one of the hottest campaigns that has been waged in any of the special elections held anywhere in the country since the general congressional campaign of 1918. His Republican opponent, John E. Frost, sought to make the league of nations the principal issue running on a platform which decl. ed against any league of nations, while Frost in his speeches denounced the peace pact and assumed the attitude toward the league that has characterized the so-called "bitter enders" in the Senate. One of the leaders in the fight against the league in the Senate, Senator Hiram Johnson, of California, went to Missouri and stumped the third district for Candidate Frost, denouncing the League of Nations and President Wilson wherever he went. Frost accompanied him. Despite the vigorous campaign conducted by the Republicans, Captain Milligan, endorsing the league and President Wilson, won by a larger majority that was given the Democratic candidate in that district in 1918, despite a falling off of nearly five thousand in the total vote. This was due to the condition of the roads—it being a rural district and the election in mid winter—and the fact that there was an epidemic of influenza in that part of Missouri which kept many hundreds away from the polling places.

The Missouri Congressman is one of the youngest members of the House, being in his early thirties, and is a World War veteran. He commanded a Missouri company in the thirty fifth division, which won fame in the battle of the Argonne forest, where Captain Milligan was twice gassed. He was twice decorated for bravery, but declined promotion to the rank of major in order that he might return home with the men whom he had led and fought with overseas.

The first task Captain Milligan has assigned to himself is to study the matter of soldier legislation, and will bend his energies toward seeing that justice is done the former service men. One of the things for which he critized the Republican majority in Congress during his campaign was its complete failure to do anything for the soldiers, and now that he has attained his ambition to serve in the National Congress, he will immediately devote himself to the question of soldier legislation. He has appointed for his private secretary Robert E. Lambert, of Princeton, Mo., also a veteran of the Thirty fifth division.

CANTATA 'BETHANY' AT M. E. CHURCH

MUSICAL INTERPRETIVE MASTER PIECE GIVEN SUNDAY NIGHT

CLOSING EASTER SERVICE

Soloists to be Assisted by a Chorus of Thirty-six Voices.—Program Begins at Eight O'clock.

Sunday night at the First Methodist Episcopal church will be given the cantata "Bethany" by Rhys Herbert. The program will begin at eight o'clock.

This cantata is one of the most interesting musically ever given in Maryville. The subject, "The Incident of the Raising of Lazarus at Bethany" is full of tender and beautiful sentiment. The miracle itself is dramatic and the effect an exalted faith. The author, Mr. Rhys-Herbert, has very faithfully and artistically presented the story. The emotion, hope, sorrow death, life and victory furnish the occasion for a variety of treatment. Whether in solo, duet, quartet or chorus the author has expressed himself in perfect musical taste. His treatment is reverent and dignified. The cantata is patterned after the great oratorios and more enjoyable than some because of the many beautiful and melodious passages.

The solo parts are to be taken by the first tenor of the Missouri Wesleyan college quartet, Cameron, who sings the role of Lazurus; Miss Jenie Garrett, soprano, in the part of Mary, Mrs. Fred Harvey(alto, who sings the role of Martha, and Dr. Gilbert S. Cox, baritone, who sings the part portrayed by Jesus. A full chorus of thirty six voices will sing the choruses.

The prologue o fthe cantata shows "Bethany", the simple and sweet home of Lazarus and his sisters, Mary and Martha, wherein Jesus, the "homeless one", often found rest and comfort, and where some of the wondrous deeds of the Master took place.

Part I deals with the visit of the disciples from Jerusalem, who pay tribute to the quiet and renowned village as they approach it, who, in the presence of the Master seek his words of truth and wisdom, are received lovingly, are taught the parable of the Good Shepherd and of the departure of Jesus to the night shades of the hills, where he prays and communes with his Father.

Part II opens with the news brought to Jesus of Lazarus, sickness and death, the sorrow and lamentation at the Bethany home, the coming of Jesus, to awake him, the dialogue with Martha concerning the resurrection, the raising of Lazarus, the rejoicing over the miracle, the departure of Jesus, again to the hills, his hour drawing night, the disciples' forebodings of trouble befalling their Master and their final rejoicing in the hope that the kingdom of love, truth and righteousness would soon be established upon the earth.

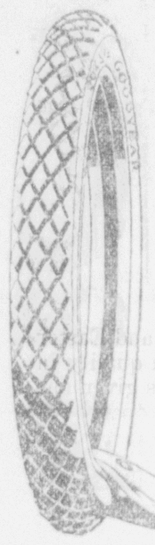
Obituary.

John Wendle was born in Shenandoah county, Virginia, Feb. 17, 1833, and departed from this life after a brief illness at his home near Arkoe, March 26, 1920 Age 87 years, 1 month and 9 days. In the year 1858 he was united in marriage to Mary Copp, who preceded him in death four years ago. To this union were born ten children. Three children having died in infancy. In 1869 he moved from his native to Illinois where he located on a farm after 14 years residency he moved to Nodaway county, north of Maryville, where the family remained for twenty five years, thence to the farm near Arkoe, where he remained until he bid farewell to the transient scenes of life About twelve years ago he made a profession of the Christian life and united with the Methodist Episcopal church in Arkoe, where he remained a faithful consistent members until the end. His chief virtues was in his moral influence of Christian manhood. His words and acts brought no reflection on Christianity. He possessed all the good qualities of a noble citizen, and a kind neighbor. He was honest in the true sense of the word, and in his dealings he observed the golden rule. He was an affectionate husband, a loving father, and despite his affliction of being deprived of the sense of seeing, he bore it all with patience and Christian fortitude. He leaves to mourn seven children. Mrs. Laura Beaver, Parsons, Kans., Mrs. Cecil Loiv, Osawatamie, Kans.; Mrs. Alice Wamsley of Maryville, Mrs. Mattie Snively and Mrs Etta Snodgrass, both of Sheridan, Wyo.; Will & Yee Wendlee, both of Arkoe, nine grand children, two great grand children, many relatives, as well as a host of friends. The funeral service was held from the home, Monday, Mar. 29, at 2:00 p. m. in the presence of a large concourse of friends who esteemed the deceased very highly. Rev. Arthur S. Olsen, pastor of the Barnard M. E. church officiating. Interment was in the Maryville cemetery.

Concentrated Effort

Just as Goodyear has concentrated every effort to make tires and tubes just as good as possible—so have we concentrated on selling Goodyears exclusively.



We see no reason for selling other tires when Goodyears are just as good as a tire can be.

This shows our faith in Goodyears and our faith is based on facts, and

Hopkins Candidate for Senator

M. E. Ford, of Maryville, is now mentioned for state senator on the Democratic ticket from this district. This sounds better as he is fitted to represent the district most creditably but really S. E. Browne, of Hopkins is entitled to recognition and would wear the "handle" of senator with dignity as well as making his presence felt in the senate. It's not our funeral but to us it seems that Browne is the logical man for the Democrats to nominate, or it may be they are holding him back for Hoober's seat. He will not "rattle around" if placed in either chair.—Hopkins Journal.

To Attend Burial Rites.

Charles Roney and John Tobin of Oakes, N. Dak., arrived in Maryville last night to attend the funeral services for their mother, Mrs. Mary Tobin, which will be held at 2 o'clock tomorrow afternoon at the St. Patrick's church.

To Kansas City.

Miss Margaret James, head of the department of music of the State Teachers college, went to Kansas City this morning to spend the Easter vacation.

Yes, we'd pick this paint for *your* house!

Indeed, we would! If you come to us and say, "What paint is the best for my house?" you'll get just one answer, "Du Pont Paints!"

Reason is simply that we know that Du Pont Paints are the best of the 400 makes of paint that are sold in this country. We have sold a lot of them here to people who were painting everything from entire houses to Kiddie Kars, and they carry the name of a great industrial concern that has always been associated with the biggest and best enterprises in the country, a concern that couldn't afford to have its name on any but a superior product.

When we sell paints to you, we have to be sure that you, our customer, are going to get the best there is. We want your trade next year, too. And we'll tell you frankly there isn't any better paint than Du Pont. We have a FULL line here.

Sees Hog Shortage.

Grant Downing, a Hopkins farmer was on the St. Joe market with hogs last week and regarding his visit, the following is taken from the Stock Yards Journal:

While G. G. Downing, for many years a stock farmer of Nodaway county, Mo., is not given to looking on the gloomy side of the business, but takes the optomistic view of conditions as they come, he easily concludes in looking over the situation in his immediate neighborhood that that section of the Show-me state is in for a marked decrease in live pork production this year. Mr. Downing, who had hogs on market here today, says he has reduced his usual quota of brood sows and that several of his neighbors are preparing to sidestep the swine raising business until the market is stabilized and the price of corn is brought down on a level with live pork valuations. Mr. Downing reports wheat looking very well and that the farmers are geting ready to tackle their spring work with the usual "pep" in an effort to keep caught up as near as possible under the strain of the farm help situation.—Hopkins Journal.

Similar Cases Being Published in Each Issue.

The following case is but one of many occuring daily in Maryville. It is an easy matter to verify it. You cannot ask for better proof.

J. N. Bryan, retired farmer, 222 Eleventh St., Maryville says: "At one time I was having trouble with my back and kidneys. I had an intense soreness through the small of my back, which pained when I tried to bend over or straighten up quickly. My kidneys acted too frequently, and this made me weak. I saw Doan's Kidney Pills advertised and bought some from Gaugh & Evans' Drug Store. From the first, had relief and as I continued using them, I was benefited in every way. It has been quite a while now since I have needed to use Doan's, so I know the benefit is lasting."
